

SPONSORSHIP

Partner with the Indigenous Business Award (IBA) program and support Indigenous Entrepreneurship in British Columbia

In its fourteenth year, the IBA program boasts over 200 remarkable businesses within its alumni. The award program serves to:

- raise the voices of Indigenous entrepreneurs and businesses who are building significant socio-economic opportunities and generating cultural resurgence across the province
- facilitate increased Indigenous representation in the business sector
- create a platform for sharing stories of resilience and ingenuity to help 'shift the narrative and deficit that are often at the forefront of news stories'
- foster strategic partnerships with key stakeholders that lend their support to elevating excellence and inspiring achievement in Indigenous business

The IBA program is presented by BC Achievement in partnership with the Ministry of Indigenous Relations and Reconciliation and generously supported by our sponsorship family.

Multi-year funding is encouraged and available to all sponsors. Recognition levels can be tailored to your needs to ensure your message is delivered in line with your corporate social responsibility goals.

All sponsors receive up to 12 months of visibility on BC Achievement's website and social media channels, including the Call for Nominations.

Join us to celebrate Indigenous entrepreneurship in BC and elevate excellence, share success and inspire change. Your commitment elevates the stories of IBA awardees, invests in their achievements while shining a light on business excellence and innovation so others may follow their example.
